The Course Catalog of the Pädagogische Hochschule Freiburg – a user guide

This link https://lsf.ph-freiburg.de/qisserverfr/rds?state=user&type=8&topitem=lectures&breadCrumbSource=portal, will take you to the PH to Veranstaltungen page:

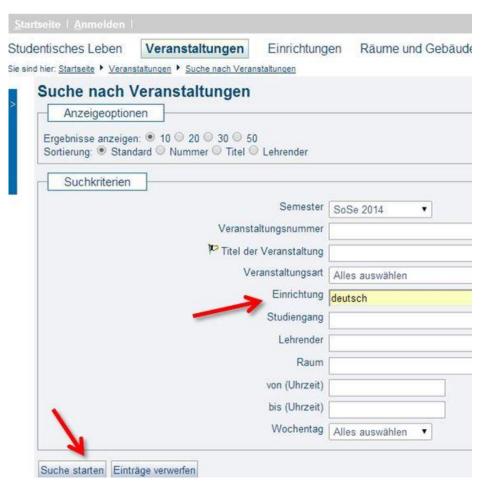

Since the structure of the Vorlesungsverzeichnis is not very accessible, it is best to work with the search functions to cull lists of courses from the catalog which is essentially built on a large data base.

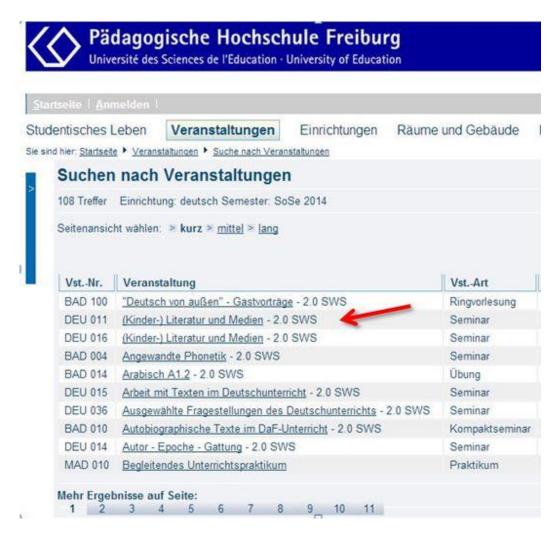

Click on "Suche nach Veranstaltungen" and enter a keyword such as "deutsch" or "Geschichte".

In our experience, it is more productive and yields a more comprehensive list to enter this keyword in the search for "Einrichtungen" (departments and institutes) rather than in the title search. But feel free to try the title search as well.

In the case of "deutsch," for example, the search yields an extensive list of about 100 courses.

From here, you can browse the list to your heart's content. Clicking on individual links will provide practical details (days, times, rooms) as well as course descriptions. It may also lead to the pleasant surprise that one course title such as "(Kinder-) Literatur und Medien" actually leads to a seminar offering three sections with different, rather interesting subjects.

Schwerpunkt Gruppe 1 (Hoggenmüller): Lese- und Mediensozialisation
Schwerpunkt Gruppe 2 (Kist): Textliche und bildliche Formen des Erzählens im Bilderbuch
Schwerpunkt Gruppe 3 (Spaney): Interkulturelle Kinderliteratur

These examples are taken from the Sommersemester 2014 course offerings, but the structure of the course catalog is still the same and search strategies apply to the current semester as well.
