

The New Uni Freiburg Course Catalog – Introduction to the Search Menu

The course catalog (*Vorlesungsverzeichnis*) is part of a campus management system called HISinOne. It is really a large data base currently containing about 4,000 data sets each term. It is preset to the current semester and can accessed at <https://campus.uni-freiburg.de/qisserver/pages/cm/exa/coursemanagement/basicCourseData.xhtml? flowId=searchCourseNonStaff-flow& flowExecutionKey=e1s1>. This general search works for course title, number, or teacher. An extended search function can be opened by clicking on “Erweiterte Suche”. (The “i” to the left of the table, btw, gives you information about possible abbreviations and truncations and fuzzy search options available within the search function.)

The screenshot shows the search interface of the Uni Freiburg Campus Management system. The header includes the university logo and the text 'Campus Management - HISinOne Albert-Ludwigs-Universität Freiburg'. The breadcrumb trail indicates the user is in the 'Veranstaltungen suchen' section. The main heading is 'Veranstaltungen suchen'. There are buttons for 'Suchen', 'Eingaben zurücksetzen', and 'Erweiterte Suche'. A yellow warning box contains text about search terms and a note about a search field issue. Below is a 'Grunddaten' section with a search input field and semester/year dropdowns.

The easiest way to use this search function is to employ departmental codes to narrow down the search by discipline and then scan the listings.

Entering “LE10” for example will give you all current offerings in the German Department which you can then readily browse.

You can also start with a keyword such as “Literatur”, if you wish. This will return all course titles that contain “literature” in some way from all different disciplines.

Having entered any search term in step one, you can also turn on a filter function. You may wish to experiment with both options to find what works best for you or combine them along the way.

To try this, just click on “Filter anzeigen”.

Gefundene Veranstaltungen [Filter anzeigen](#) [Tabelle anpassen](#)

Suchergebnis: 125 Ergebnisse | Seite 1 von 13 | Zeilen pro Seite (Max:300)

Nummer	Semesterunabhängiger Titel	Semesterabhängiger Titel	Semester	Veranstaltungsart	Dozent/-in (verantwortlich)	Dozent/-in (durchführend)	Organisationseinheit	Aktionen
05LE10S-16234	Adalbert Stifter	Adalbert Stifter	WS 2016	Seminar	Kim	Kim	Deutsches Seminar-VB	 
05LE10S-16254	Adoleszenzromane	Adoleszenzromane	WS 2016	Seminar	Holdenried	Holdenried	Deutsches Seminar-VB	 

Then you get the following view (which can easily be turned off again with “Filter ausblenden”):

Gefundene Veranstaltungen [Filter ausblenden](#) [Tabelle anpassen](#)

From this view, too, you can further narrow down your selection by entering a key word, a professor's name, or a department (*Organisationseinheit*). Please note: the second column is the course title for the specific semester. The first is reserved for a generic title, though very often they will be identical.

As mentioned above, an excellent shortcut for culling a list of courses offered in a specific department is to enter the departmental code number into the search field "*Nummer*".

A list of all departmental codes can be found at the end of this introduction.

LE10, for example, is the code for the German Department and is contained in all course numbers. Having generated a list of German courses, you can either click on the arrow symbols to navigate the site or you can proceed to further narrow down your selection by entering a key word in the title or, if you already know the person, a professor's name.

Clicking on the arrow symbols and scanning the offerings set by set, you soon find something that may be of interest to you: seminars on the German sonnet, the novel of adolescence, or the use of dialect in advertising. In order to explore these offerings more closely and get additional information, click on the link in the course number or the magnifying glass symbol on the far right of each line.

The screenshot shows the 'Campus Management - HISinOne' interface for the Albert-Ludwigs-Universität Freiburg. The page title is 'Veranstaltungsdaten 05LE10S-16212 "Der Adoleszenzroman" - Wintersemester 2016'. A navigation menu includes 'Startseite', 'Bewerbung', 'Studienangebot', 'Organisation', and 'Hilfe'. The breadcrumb trail is 'Sie sind hier: Startseite > Studienangebot > Veranstaltungen suchen'. A 'Zurück' button is visible. The semester is set to 'Wintersemester 2016'. Under 'Semesterunabhängige Angaben', the title is 'Der Adoleszenzroman', the number is '05LE10S-16212', and the organization is 'Deutsches Seminar-VB (Verantwortlicher)'. The event type is 'Seminar'. Below this, the course description 'Der Adoleszenzroman (-, Semesterkurs)' is shown with details: 'Semesterwochenstunden: 2.0', 'Maximale Anzahl Teilnehmer/-innen: 28', 'Lehrsprache: deutsch', and 'Verantwortliche Dozent/innen: Prof. Dr. Becker, Sabina'. There are links for 'Daten für Kalender (ics) exportieren', 'Einzeltermine anzeigen', and 'Weitere Details einblenden'. A table lists the course schedule:

Wochentag	von	bis	Akad. Zeit	Rhythmus	Startdatum	Enddatum	Erwartete Anzahl Teilnehmer/-innen	Raum	Gebäude	Durchführende Dozent/innen	Ausfalltermin
Mittwoch	10:00	12:00	c.t.	wöchentlich	19.10.2016	11.01.2017	25	R 205	Breisacher Tor	Colle, Anne-Marie	<ul style="list-style-type: none"> 18.01.2017 25.01.2017 01.02.2017 08.02.2017

Samstag	09:00	13:00		Einzeltermin	17.12.2016			HS 3305	Kollegiengebäude III		

At the bottom, there are sections for 'Module' and 'Studiengänge'.

Once you have decided to take a closer look at the seminar on “Der Adoleszenzroman” and clicked on the course number or magnifying glass, the data base will open to a page listing the technical details about the course: the day and time the course is offered as well the location of the course.

Some teachers enter the course description on this page and you can scroll down; generally, though, you need to click on “Weitere Details einblenden” to see a description, reading list, and information on requirements.

And there you are: Description, requirements, and some information on the readings.

Since this page is based directly on information provided by the faculty member, it looks a little different from course to course.

Some courses may not have any detailed information yet. Please check back later, more information will surely be added.

To review: You can start a departmental search directly from the main search menu and proceed from there. As always, make sure you are looking in the correct semester. And select the “Filter” for easier navigation.

The screenshot shows the 'Campus Management - HISinOne' interface for the Albert-Ludwigs-Universität Freiburg. The main navigation bar includes 'Mein Studium', 'Studienangebot', and 'Benutzer-I...'. The current page is 'Veranstaltungen suchen' (Search for events). Below the search bar, there are buttons for 'Suchen' (Search) and 'Eingaben zurücksetzen' (Reset inputs). Under the 'Grunddaten' (Basic data) section, there are input fields for 'Semesterabhängiger Titel' (Semester-dependent title) and 'Nummer' (Number), with 'LE10' entered in the latter.
